# LOGITECH® STEREO HEADSET H151

For clear, comfortable, convenient calls

Speak clearly with this simple, versatile, easy-to-use analog headset. Your voice and video calls will sound great and the adjustable headband and soft foam ear cups will keep you feeling comfortable.

FEATURES AT A GLANCE

Noise-cancelling microphone
- Wear on right or left side
- Reduces distracting background noise for clear conversations
- Rotate up and out of the way when you're not on a call

Compatibility covered
Works with common calling applications and almost all operating systems such as Windows®, iOS®, Chrome OS™ and Android™

Full-stereo sound
Experience Internet calls, music, movies and games in clear stereo audio

Convenient control
On-cord controls make it easy to quickly adjust your headset volume and mute the microphone

Simple setup
Just plug your headset into the 3.5mm jack on your computer, smartphone or tablet and you're good to go

WHAT YOU NEED

- Windows® 8, Windows® 7 or Windows Vista®
- Mac® OS X 10.5 or later
- Chrome OS™
- Linux® kernel 2.6+
- iOS® or Android™
- Single 3.5mm jack

WHAT'S IN THE BOX?

- Analog headset
