Digital Terrestrial HD Receiver

SRT 8541

Enjoy TV programmes in excellent HD quality

With the new high-end DVB-T2 HD receiver SRT 8541, it is easier than ever before to watch free and Irdeeto encrypted German channels. This small receiver supports the new standard HEVC/H.265 and features amongst other things a USB port for playback of files. It also has a memory for up to 700 channels, 4 favourite lists for TV and radio programmes and much more. You'll never want to watch TV differently anymore.

Upgrade your receiver functionality by adding the recording and Timeshift function (available at our webshop).

- HDTV receiver for DVB-T² and DVB-T Free-To-Air TV and radio programmes via outdoor or indoor antenna¹
- Embedded Cardless Conditional Access System for Irdeeto encrypted channels
- Supports HEVC/H.265 and Dolby® Digital Plus²
- New tuner technology for excellent reception
- Excellent audio and video quality
- Display showing channel number in operating mode and time in standby
- 4 favourite lists for TV and radio programmes
- Electronic TV Programme Guide (EPG) for on screen programme information of present/following event information up to 14 days³
- Automatic and manual channel scan options
