

- AC Power

Liebert® itOn

Reliable Power Protection for Desktop Workstations 600-2000 VA

Key Benefits

- Automatic voltage regulator (AVR)
- Compact size
- Light weight
- Easy operation
- Overload protection and alarm
- Auto re-start with AC recovery
- Fast charging
- Cold start function
- Available in ratings from 400 VA up to 2000 VA
- USB port (for 1000 VA, 1500 VA, 2000 VA)
- Flexible output power sockets combination:
 - Schuko sockets (for 400 VA, 600 VA, 800 VA)
 - Schuko and IEC sockets (for 1000 VA, 1500 VA, 2000 VA)

Applications

- Desktop PCs
- Professional workstations
- Small routers, bridges and hubs
- Point-of-sale terminals
- PBXs
- Other sensitive electronics

Technology:	Line interactive
Connections:	Output IEC C320-C13 and Schuko (check models)
Communications:	USB port for 1000-1500-2000VA ratings
