**Wireless stereo earbuds with 300 mAh pocket-sized charging case, Bluetooth V5.0+EDR, touch controls for calls and music**

### THE STYLE YOU'RE LOOKING FOR

**Sweet Jazz**, a persuasive fusion of warm and relaxing harmonies. These True Wireless Stereo earbuds represent a winning mix of innovative and stylistic choices, suitable for listening to music or receiving calls.

### PERFORMANCE

The Sweet earphones boast Wireless 5.0+EDR technology that ensures high performance, a stable connection and reduced energy consumption. These accessories feature **TWS (True Wireless Stereo) technology**: the headsets **connect to each other without the use of wires** and pair with your smartphone by simply accessing your device's Bluetooth settings.

### LISTENING THAT SURPRISES

Spend pleasant moments with your favourite songs or answer calls via the integrated microphone. The **touch controls** allow you to manage your songs, accept or reject calls, or recall the last number. Deep bass and clear sound will stay with you throughout the listening experience.

### POWER AT YOUR FINGERTIPS

The pocket case serves as an excellent **holder**, but also as a **battery charger**.

When you put the discharged earbuds in it, they will automatically turn off. Simply take them out to reactivate them without pressing any buttons. For a complete recharge, which guarantees **3 hours of autonomy** for Sweet, you just need to wait about 1 hour.

Once the headset has run out of power, you can power it through the **USB Type-C** cable included in the package.
