Product Highlights

Powered to Perform at Every Level

Built with the latest 11th Gen 10nm quad-core full power (28W) Intel® Core™ i3, i5 or i7 processors, 32GB DDR4 3200MHz dual-channel memory and ultra-fast PCIe SSD storage of up to 1TB, the Portégé X40-J is expertly engineered to achieve productivity and efficiency for every work day. Its new Intel® Iris® Xe graphics deliver stunning visual performances for a viewing experience like no other.

With an all-new separated airflow cooling system, the Portégé X40-J will run at optimal temperatures to prevent overheating. The new rubber footing is also added to provide further cooling, stability and comfort for professionals.

Designed For The Modern Professional

When it comes to modern professionals, size and weight matters. With a slim built of 17.9mm thin and weighing just 1.4kg, the Portégé X40-J is the ultra-portable business laptop for mobile working. The Portégé X40-J is designed with a lightweight aluminium alloy chassis for the perfect balance between rigidity and flexibility to attain a MIL-STD-810G standard for dependable durability, giving professionals a peace of mind when working out of the office.

Crafting an entirely new design with refreshed colours, the new premium laptop has a 3-sided narrow bezel to maximise the screen area and minimise footprint for a better overall screen experience.

Work in Comfort Through The Day

The Portégé X40-J delivers premium acoustics with its stereo speakers with Dolby Atmos Sound Enhancement for quality video presentations and online meetings. With a unique glass-feel Precision TouchPad and a backlit frameless keyboard, professionals are treated to an all-rounded ergonomic user experience to power productivity and efficiency through comfort and convenience.

Ready As You Are

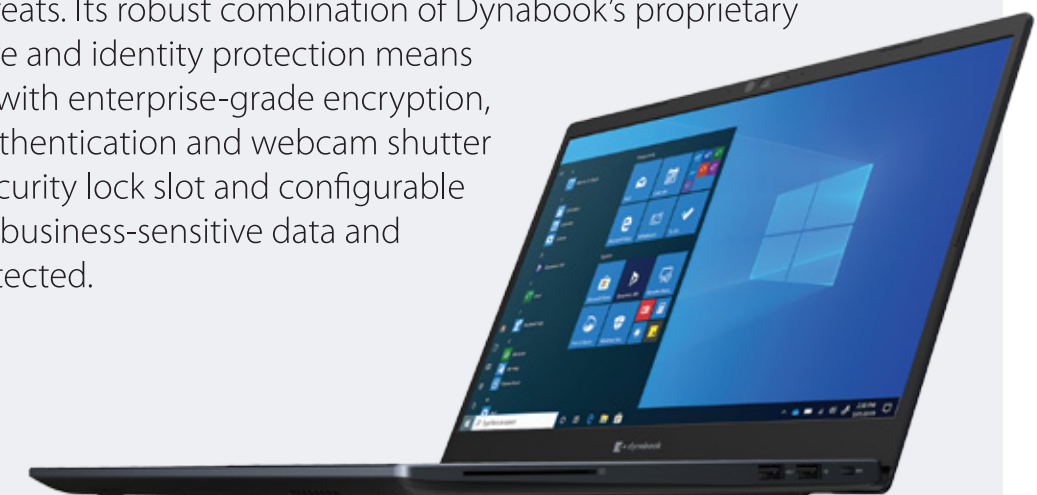

Boasting an impressive battery life of up to 13.8 hours* and a quick charge feature of 40% battery life with a 30-min charge, the Portégé X40-J keeps your mind focused with work, without the need to worry for a plug socket while working on-the-go. The instant wake capability with sub-1s wake time means your trusted companion is always on and ready to work whenever you are, especially when inspiration strikes.

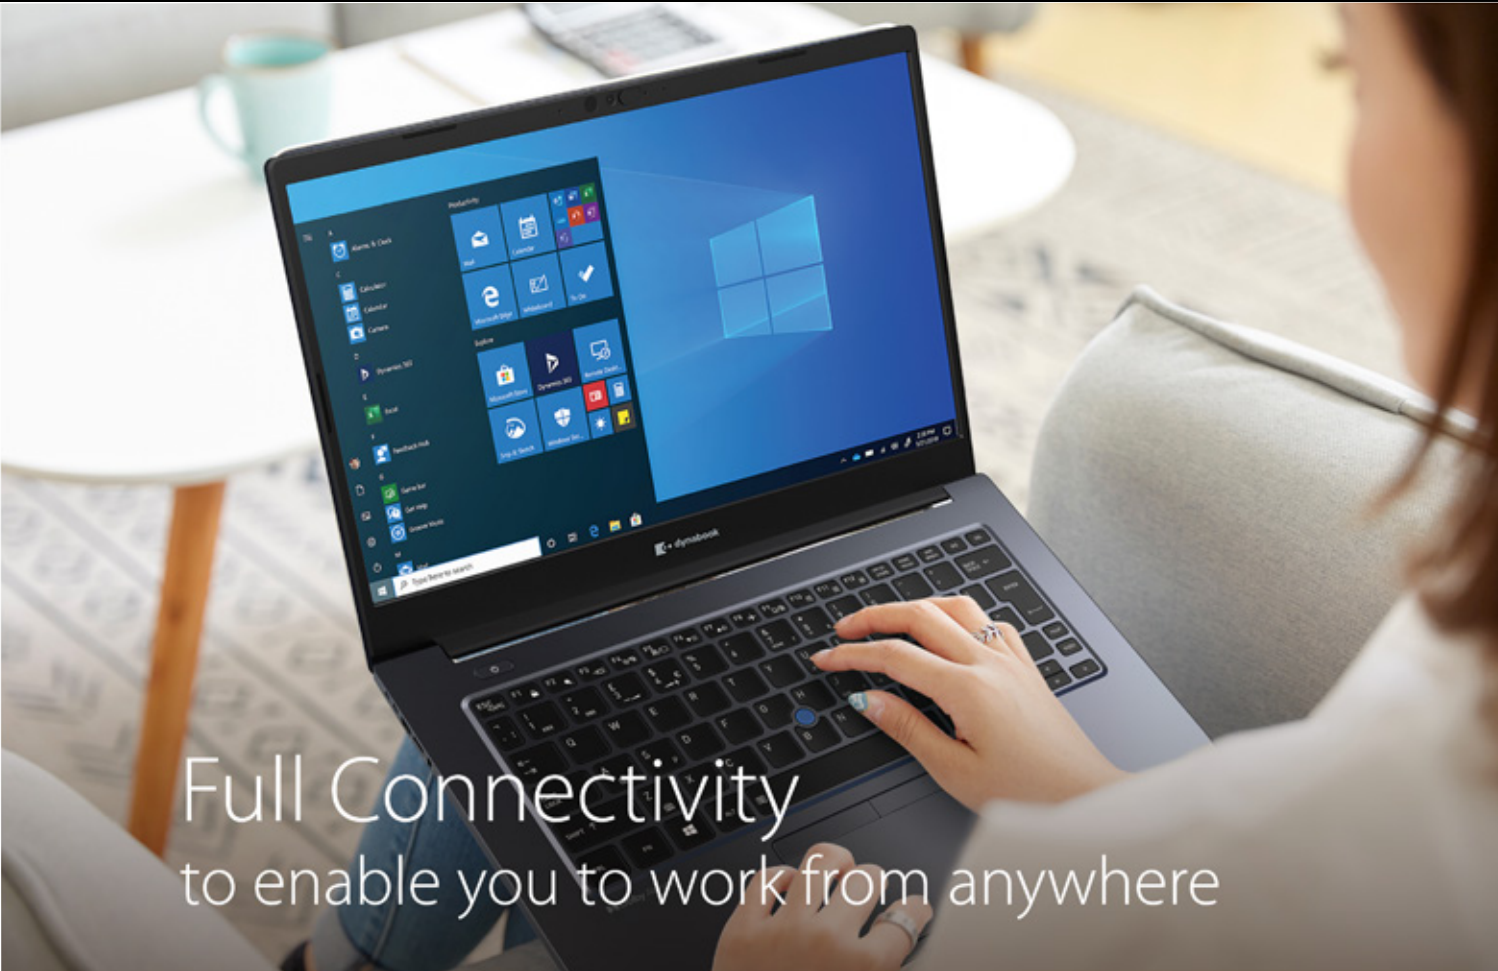

Travel Light with Comprehensive Connectivity

As working on-the-go is becoming more common these days, the need to travel light is important. The Portégé X40-J adapts easily to any working environment with its impressive range of ports from HDMI, USB 3.1 Type-A, 3.5mm audio jack, micro SD card slot to Thunderbolt™ 4 enabled USB-C, reducing the need for additional hubs. Equipped with the latest Intel® 802.11ax (WiFi 6) and BT 5.1 module, professionals can attain wireless connectivity from anywhere, wherever their business takes them.

Vault-like Security

As one of Dynabook's growing portfolio of models that meet Microsoft's strict Secured-core device requirements, the Portégé X40-J is built to protect against current and future cyber threats. Its robust combination of Dynabook's proprietary BIOS plus hardware, software and identity protection means the business laptop comes with enterprise-grade encryption, effortless face and finger authentication and webcam shutter for added privacy. With a security lock slot and configurable full HD privacy screen, your business-sensitive data and personal privacy is well-protected.

Specifications

PROCESSOR	Intel® Core™ i5-1135G7 Quad Core Processor (2.4GHz up to 4.2GHz, 8M Cache) Intel® Core™ i7-1165G7 Quad Core Processor (2.8GHz up to 4.7GHz, 12M Cache) Intel® Core™ i5-1145G7 Quad Core vPRO Processor (2.6GHz, up to 4.4GHz, 8M Cache) Intel® Core™ i7-1185G7 Quad Core vPRO Processor (3.0GHz, up to 4.8GHz, 12M Cache)
OPERATING SYSTEM	Windows 10 Professional 64-bit
SYSTEM MEMORY	Choice of 4GB/8GB/16GB modules up to a maximum of 32GB DDR4 (3,200 MHz)
STORAGE*	Choice of 256GB, 512GB, 1TB M.2 PCIe NVMe Solid State Drive
DISPLAY	14.0" Full HD (250 NIT) Anti-Glare TFT display, resolution 1,920 x 1,080 14.0" Full HD (300 NIT) Anti-Glare TFT display with In-Cell Touch Technology, resolution 1,920 x 1,080 14.0" Full HD (400 NIT) Anti-Glare display with Switchable privacy filter, resolution 1,920 x 1,080
GRAPHICS	Intel® Iris® Xe Graphics
BUILT-IN CAMERA	Built-in HD Web Camera with Dual Microphone and camera shutter slider, Infrared IR camera for Windows Hello™ face sign-in (Optional)
SOUND SYSTEM	Stereo Speakers with Dolby Atmos Sound Enhancement
COMMUNICATION	Intel® Wi-Fi 6 Dual Band Wireless LAN (802.11ax), Bluetooth® 5.1
INPUT DEVICES	Accupoint™ and Clickpad™ with multi-gesture support, Backlit Tile Keyboard
PORTS	2 x USB 3.1 Type-C™ Gen 2 - Thunderbolt™ 4 port which supports data transfer, power delivery and display port , 2x USB 3.1 (1xSleep & Charge), HDMI-out (supporting 4k2k/1080p signal format), headphone/microphone combo, microSD Card reader, Type-C™ adaptor to VGA/RJ45 (Optional)
