

Breathe Humidifier

Always comforting,
Always together

Breathe Humidifier ensures your nursery is always at the perfect humidity for your baby to have a soothing sleep. You can switch it on from anywhere, via the Connected Home app, to prep the nursery before bedtime. A range of smart sensors enable Breathe Humidifier to operate fully in Auto Mode, or if you prefer you can adjust the humidity, mist levels and timers as you go. Breathe Humidifier can also be used as an essential oil diffuser for a scented, soothing snooze.

- **24 hours non-stop**
- **Interacts with other products via the Connected Home app**
- **Essential oil diffuser**
