ThinkCentre M75t Gen 2

Packed with the latest security and connectivity features demanded by businesses today, this powerful desktop tower also comes with the added advantage of easy upgradability over time. It is powered by AMD Ryzen 7 processors to accelerate business productivity. High-speed M.2 SSD storage and support for up to 3 independent displays allows office workers to multitask with ease. Plus, a USB-C port on the front panel enables quick and convenient data sharing.

Improve data and device security with a range of features including data encryption technologies, Smart USB protection that can block data transfers, chassis intrusion switch and a Kensington lock slot to tether the device.

There are 9 USB ports to connect a wide number of peripherals if needed. Plus, it comes with features like Smart Power On, which allows users to turn on the desktop using a simple keyboard shortcut.

Save money and reduce your environmental impact with this energy-efficient device which has Energy Star and EPEAT Gold certifications (on select models).

Mainstream computing for a variety of business uses

ThinkCentre M7 Series desktops offer enterprise security features, a wide range of configurations and expansion options, and reliability trusted by leading businesses across the globe.
