

ThinkSmart One for Microsoft Team Rooms

Simplify video meetings and improve team collaboration with the device powered by up to 11th Gen Intel Core i5 processor. The 10.1-inch display features FHD resolution and 240 nits of brightness so that professionals don't miss a word while viewing spreadsheets. Also, with a multi-touch touchscreen, avoid dial-in delays and start meetings instantly. Security features such as an integrated TPM 2.0 chipset, and Kensington MicroSaver lock slot protects privacy and keeps collaboration secure.

Featuring eight microphones for 180° audio capture, 15-watt dual stereo speakers, and an integrated high-resolution camera with a wide field of view and privacy shutter, it offers exceptional audio and video experience to general managers.

Innovative and scalable through multiple I/O ports including dual HDMI, USB 3.2 Gen1, USB-C 3.2 Gen1, USB-C 2.0, and dual Ethernet featuring Power over Ethernet (PoE) for more adaptability.

Modular room kit solution is designed to fit in seamlessly inside meeting rooms of all sizes.

Digitally manage meeting facilities with one device

Combining innovative technology with personalized services, ThinkSmart solutions will improve the way employees work together in today's work-from-anywhere world.
