

ThinkStation P3 Tower

Business professionals can enhance their work experience and performance with this 27-liter tower, powered by up to 13th Gen Intel Core i9 Processor. Optional Wi-Fi 6E enables faster connection speeds even in densely congested areas, while the optional Thunderbolt 4 port allows for high-speed display connectivity and file sharing. The tower also includes a slew of security features, such as a discrete TPM 2.0 chipset, power-on password, and UEFI secure boot, that keep data well-protected.

With up to 128GB DDR5 memory configuration, this device provides exceptional portable power, allowing users to easily multitask on compute-intensive workflows. Additionally, EPEAT Gold and ENERGY STAR 8.0 certification means the laptop is energy-efficient and built to last longer.

Business specialists can easily view and compare detailed spreadsheets by connecting multiple independent displays through onboard video ports and discrete graphics.

EPEAT Gold and ENERGY STAR 8.0 certification means it is an energy efficient device.
