

NAVEE V50

(IT version)

Long battery life, Eco-Boost TireTech

Maximum travel distance reaches up to **50km** fulfilling basic demand for daily commuting. EcoBoost TireTech enables e-scooters to achieve a remarkable **20%** increase in range with the same battery capacity.

Energy recovery system

Every time the rider applies the brakes or decelerates, the integrated system seamlessly captures and converts that energy into usable power.

10Inch pneumatic tire, Innovative tire texture

10 Inch pneumatic tires effectively absorb shocks and prevent slipping.

Navee's tire experts have developed an innovative tire texture that minimizes rolling resistance, significantly reducing energy consumption.

High performance, Powerful motor

Max **650W** powers the scooter to gives you a stable riding experience. Climbing angle up to 20 %.

Double rotation folding design

NAVEE's symbolized folding design is adopted for compact storage. The volume ratio can reach **15%** compared to before folding.

Smart floating screen, enjoy a better vision

Floating screen can be seen more clearly even under strong light outdoors. Basic information is easy to be read at a glance.

Slot AirTag for tracking

With AirTag slot built in, it is possible to track your scooter. No more worries for eventual thefts.

Auto-sensing headlight

With the photosensitive sensor embedded within the headlight intelligently providing optimal visibility at all times.

Wider handlebar to hold, Larger plate to step on

New size of human body design for a better riding experience. 160 mm plate width for a more comfortable standing posture.

SPECS			
Weight	17kg	Capacity Battery	36V 10400mAh
Dimensions	1140x570x1165mm (unfolded)	Charging Time	6.5h
	1180x160x505mm (folded)	Max Range	50KM
Rated Power	350W	Max Payload	120kg
Max Power	650W	Water Resistance	IP55
Max Speed	20KM/H	Brakes	E-ABS system at front wheel, disc brake at rear wheel
Climbing Angle	20%	Turning Light	Yes
Riding Modes	Walking (6km/h)/ D(15km/h)/Sport (20km/h)		
Package Contents	Electric scooter, Battery charger, Allen Key, Extension nozzle, Screw x 5, User manual, Product hang tag, Cable lock, Reflecting Strip, AirTag Holder
