

MEET MONITOR II A.N.C. – THE MOST PREMIUM HEADPHONES IN THE MARSHALL LINE-UP

FEATURING ACTIVE NOISE CANCELLING,
THE GOOGLE ASSISTANT AND MORE

INSPIRED BY MARSHALL HERITAGE, MONITOR II A.N.C. ARE AUTHENTIC YET MODERN HEADPHONES, DELIVERING HIGH PERFORMANCE SOUND LIKE YOU'VE NEVER HEARD BEFORE. ADVANCED ACTIVE NOISE CANCELLING TECHNOLOGY BLOCKS OUT THE NOISE, LETTING YOU FOCUS ON WHAT MATTERS MOST – THE MUSIC.

SUPERIOR SIGNATURE SOUND

Delivering high performance sound like you've never heard before, Monitor II A.N.C. feature custom tuned 40 mm dynamic drivers that produce a superior signature sound only Marshall can deliver. Bright and crisp highs, punchy mids and deep bass are balanced and clear, no matter the volume.

HIGH PERFORMANCE ACTIVE NOISE CANCELLING

Monitor II A.N.C. utilise advanced active noise cancelling technology that continuously pinpoints and measures ambient noise in order to block out the things you don't want to hear. With the ANC button you can toggle between active noise cancelling, 'Monitoring Mode', or turn off active noise cancelling all together.

UP TO 30 HOURS OF WIRELESS PLAYTIME

Monitor II A.N.C. keep the music going strong with up to 30 hours of wireless playtime with active noise cancelling and up to 45 hours without. If you need to charge in a hurry, you can get up to five hours of wireless playtime after just 15 minutes of charging. Bluetooth® 5.0 technology provides exceptional audio quality and the freedom and convenience to move without being tethered to a cable.

ERGONOMIC CONSTRUCTION, ICONIC DESIGN

Monitor II A.N.C. headphones deliver an ergonomic all day listening experience with a unique over-ear design. Super soft ear cushions and a plush headband with metal swivel rotation hinges perfectly adapt to any head shape for sealing and comfort. All while continuing to hold true to the classic Marshall look. With their collapsible design, Monitor II A.N.C. headphones are the ultimate travelling companion.

GOOGLE VOICE-ASSISTANT

Monitor II A.N.C. combine the legendary sound of Marshall with the helpfulness of the Google Assistant.

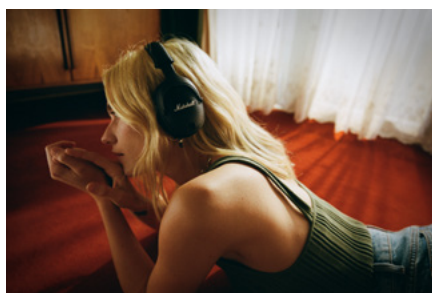

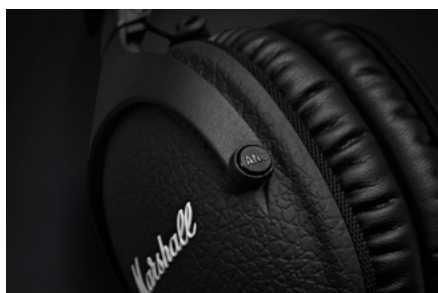

Enjoy entertainment, keep in touch with friends, get answers to questions and manage your day – all without glancing at your phone. With a press and hold of the M-button on your headphones you can tell your Assistant to play your favourite playlist, read your text messages or give you directions while on-the-go.

DEDICATED BUTTONS AND TRAVEL KIT

Monitor II A.N.C. feature a Multi-Directional Control Knob to control music and phone functionality. They also feature an ANC button to toggle between active noise cancelling and monitoring mode, as well as the M-Button, which lets you switch between customised equaliser presets or activate the Google Voice Assistant. Firmware updates for Monitor II A.N.C. occur automatically over the air via the Marshall Bluetooth app.

In addition to all these features, Monitor II A.N.C. come with a USB-C charging cable, detachable 3.5 mm cord and a canvas carrying bag to stow it all away when not in use.

MARSHALL MONITOR II A.N.C. WILL BE AVAILABLE GLOBALLY BEGINNING 17 MARCH, 2020.

ABOUT MARSHALL

Marshall is a true rock legend. A distinct and expressive sound combined with an iconic stage presence that has inspired music fans around the world for over five decades. This unparalleled amount of wisdom has been distilled and fused into every part of Marshall headphones and speakers. Nothing has been compromised when expanding the Marshall heritage of big stage performance to the individual enjoyment of good music.

The legacy began in a small Hanwell drum shop in 1962, where Jim Marshall sought to give a bunch of then-local

guitarists the sound they wanted – a sound that was harder, crunchier and more rich. The result was the JTM45, an amp that reverberated with a sound that was much heavier than anything ever heard before. In a twist of rock and roll fate – those guitarists, much like the Marshall name, would go on to revolutionise music forever.
