Two Baskets With Independent Control:

With two separate baskets, you can prepare a complete meal with a main course and side dish simultaneously. It's like having two air fryers in one, streamlining your cooking process.

Synchronized Cooking

Sync Cook: Use the same settings for both baskets to quickly double your portions.

Sync Finish: Use separate settings for different dishes and finish cooking at the same time.

Visualize Deliciousness

Watch your dishes transform with every sizzle through our viewing window and light, without drawing the basket.

8 Fast Functions

Air Fryer, Roast, Reheat, Bake, Grill, Dry, Sync Cook, Sync Finish. Cook your favorite meals at the touch of a button, with no hassle.

Button Shutoff Sound

With the ability to turn off button sounds, it allows you to cook without disturbing family or roommates.

Up to 85% Less Oil

Food is up to less 85% fat to compare traditional deep fry method. Cook food with a little oil to get even crispy.

Customize Preset Parameter

Default parameter can be changed, just press and hold function button for 3s after set parameter.

Complimentary Accessories

Enhance your cooking experience with two included accessories – a convenient skewer rack with five skewers for flavorful kebabs and a baking rack for achieving the perfect toast every time.
