DESCRIPTION

The CD III is the successor to the CD II, bringing new features and optimised listening quality.

It now features gapless playback for a seamless experience, ideal for back-to-back albums or live concerts.

Its display screen provides clear, intuitive navigation, while its sleek, compact design blends in perfectly with contemporary audio installations.

Designed for demanding music lovers, the Tangent CD III combines aesthetics, ease of use and audio performance, so you can rediscover your CD collection with new listening pleasure.
