Bands: 1, 2, 5, 8
2G: GSM, GPRS, EDGE (class 12)
Bands: 2, 3, 5, 8
Maximum Upload Speed: 50 Mbps
Maximum Download Speed: 150 Mbps
CONNECTIVITY | USB3.0/DC
Wi-Fi 802.11(a/b/g/n) 2.4GHz/5GHz
Bluetooth® 4.1
Mini-HDMI, Video Out
LOCATION | GPS Glonass

MICROSOFT® WINDOWS 10

DROP PROOF TO 1.8 M*

4G-READY

IP67 MIL SPEC 810G
GORILLA® GLASS SCREEN

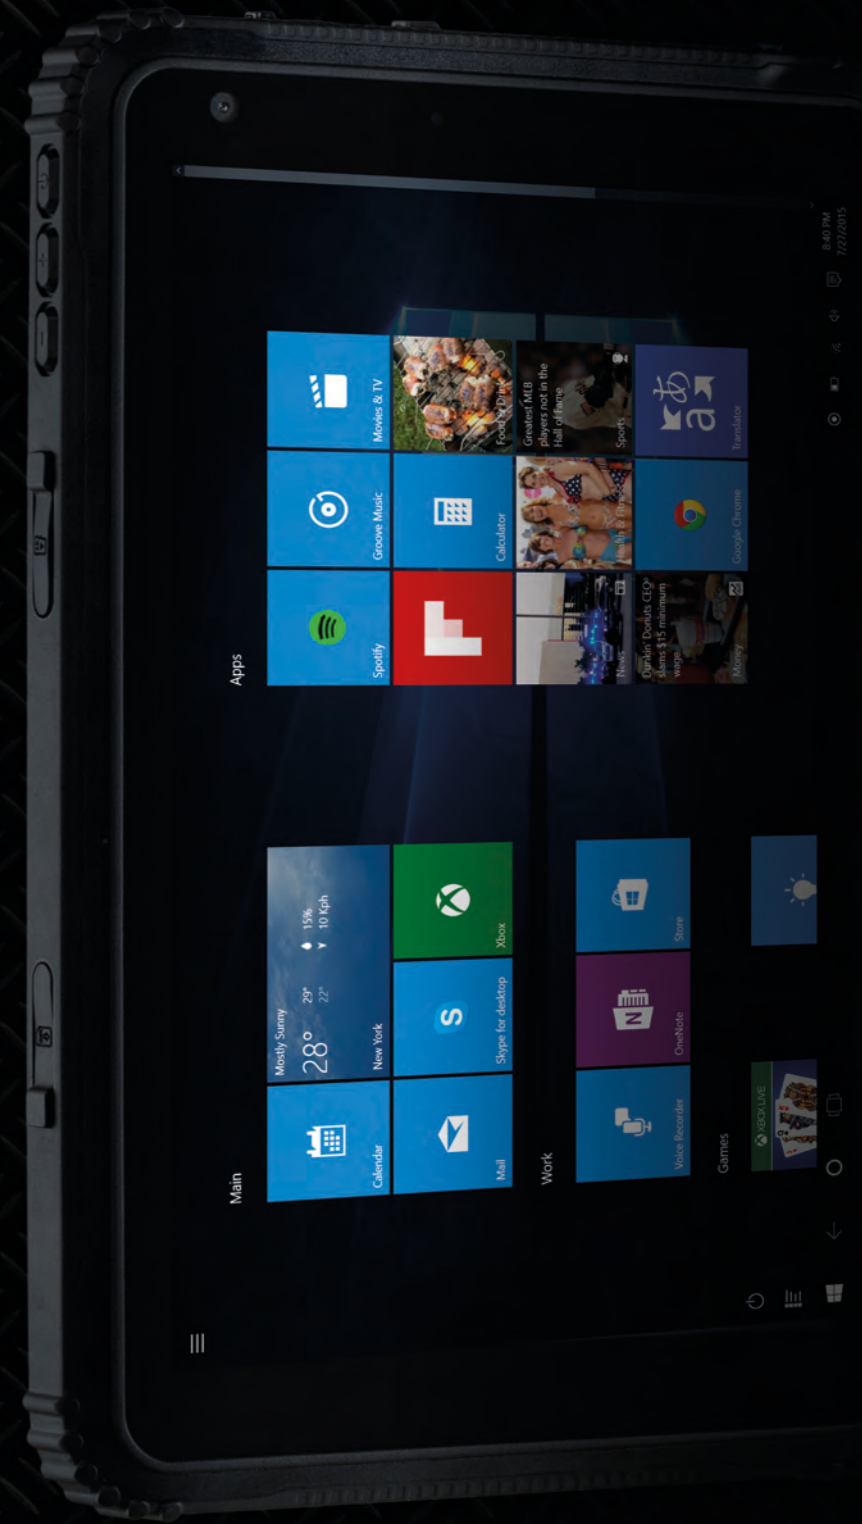

RESISTANT TO RAIN
HUMIDITY, SAND & DUST

WATER PROOF TO
1M FOR 30MIN

RESISTANT TO EXTREME
TEMPERATURES

BUILT FOR IT.™

THE NEW RUGGED CATERPILLAR® T20 TABLET MEETS THE DEMANDS OF THE MOST CHALLENGING WORKING ENVIRONMENTS

The rugged Caterpillar T20 tablet is dust, water, vibration and drop proof from a height of up to 1.8m*. Designed to operate in harsh environments and extremely low and high temperatures, the Caterpillar T20 can ensure that mobile workers have access to volumes of data and deliver information in real time wherever they are, increasing efficiency and productivity.

TOP FEATURES

-  **MICROSOFT® WINDOWS 10 (HOME)**
-  **CAT APPROVED RUGGED CREDENTIALS IP67 & MIL- STD 810G WITH A SUPER TOUGH GORILLA® GLASS SCREEN WITH FACTORY FITTED SCREEN PROTECTOR**
-  **DROP PROOF TO 1.8M***
-  **WATER PROOF TO 1M FOR 30 MINS**
-  **RESISTANT TO RAIN, HUMIDITY, SAND, DUST & VIBRATION**
-  **RESISTANT TO EXTREME TEMPERATURES**
-  **MAXIMISE PRODUCTIVITY WHEREVER YOU ARE WITH 4G**

*with factory fitted screen protector

IP67 & MIL-STD 810G SUPER RESISTANT

DROP PROOF TO 1.8M*

Save money, save productivity levels, and save your data by choosing a drop proof rugged tablet that is extensively drop tested from 6ft (1.8m) onto hard surfaces.

WEATHERPROOF - THE T20 IS WATERPROOF TO 1M FOR 30 MINS

It's windy and raining, and you have a job to get done – fast. The T20 features water, humidity and moisture protection. Maintain peak performance in all outdoor weather conditions and extreme temperatures.

VIBRATION RESISTANT

Ordinary mobile tablets aren't vibration proof but the Caterpillar T20 has been designed to operate industrial environments.

SAND, DUST & DIRT RESISTANT

The T20 is sealed against sand and dust penetration to protect ports and provide optimum performance, wherever you need it.

OIL & FLUIDS RESISTANT

Designed to be protected from common contaminating fluids and oils with a ruggedised body.

SALT FOG RESISTANT

Salt fog is considered a hazard to almost any electronic device. The Caterpillar T20 provides protection against the harsh effects of salt air exposure or corrosion.

PRESSURE RESISTANT

Designed to survive at high altitude, the T20 won't let you down even when stored and/or operated at high ground elevation sites and pressurized or unpressurized areas of aircrafts.

IN THE BOX

- 1X T20 TABLET**
- 1X CHARGER**
- 1X MICRO USB 3.0 CABLE**
- 1X HAND STRAP**
- 1X QSG**
- 1X WARRANTY CARD**
- 1X FACTORY FITTED SCREEN PROTECTOR**

(User Manual will be available online only)
